SPECIAL PRICING

ON TOPCON AND SOKKIA POSITIONING TECHNOLOGY CALIBRATION

Keep your ge positioning equipment in top condition with Brandt's equipment calibration specials. Our expert team of service technicians are ready and waiting to assess your Topcon and Sokkia positioning equipment and make recommendations to maximize your uptime. And, for a limited time, we are offering special pricing on calibrations to get your fleet ready for a productive, profitable season. Take advantage of significant savings until March 31, 2022.

BRANDT DELIVERS:

- ✓ A full equipment inspection, per manufacturer's protocol
- ✓ All findings are noted with all recommended repair estimates included
- ✓ Complimentary shipping of the equipment from closest Brandt location to service branch, and back
- ✓ **10% OFF** parts purchased as a result of the inspection
- ✓ Additional discounts available when 6 or more units are brought in for calibration
