

Gavin Semple, Chairman of Brandt Group of Companies and Bryan Hillis, President of Luther College in The Semple Gymnasium

LUTHER COLLEGE RECEIVES \$1.75M TO BUILD NEW GYMNASIUM

It started with the floor.

In 2004, water damage to the gym floor prompted Gavin Semple to take the lead on a campaign to build a new gymnasium for Luther College High School. After some strategic planning, the faculty, staff and Board of the College developed a larger renewal and expansion program that includes three new classrooms, primarily for fine arts, a student commons area, a new work-out facility and The Semple Gymnasium. In 2013 Gavin and Shaun Semple renewed their commitment with a \$1.75m donation.

Gavin Semple states, "The Semple Family has had a long standing relationship with Luther College beginning in 1959 when I attended as a dorm student. Since then eight other members of the Semple family have benefited from the quality education provided by Luther College. It was important to us to contribute to Luther's growth and to celebrate their 100 years in the community".

Artist's rendering of The Semple Gymnasium with seating capacity for 1,000, the largest high school gym in Regina.

The Semple Gymnasium will have increased floor space allowing for more badminton courts, a higher roof to accommodate volleyball tournaments and, once completed, will be the home of the Luther Invitational Tournament (LIT).

Thank you to Gavin and Shaun Semple for your generous donation to the A Time To Build Campaign!
