## Saskatchewan Day of Caring for Flood Relief

Saskatchewan is experiencing extensive flooding impacting many families province-wide. Over 1,800 have been evacuated to date due to flooding. Hundreds of other people have remained in their homes but have dealt with washed-out access roads and flooded basements.

Today News Talk 980 CJME and News Talk 650 CKOM are hosting the 12-hour "Saskatchewan Day of Caring for Flood Relief" radiothon. In recognition of the disaster of this year's extensive flooding in Saskatchewan including many of Brandt's customers, employees and their family and friends, Brandt donated \$50,000 to the Canadian Red Cross to support their continuous efforts to provide relief to all those affected.

On behalf of all of us at Brandt, we hope this donation will aid the relief efforts to help many flood affected families.
