## Brandt Announces new Distributor in Turkey

**Regina, Canada** - Brandt Engineered Products Ltd is excited to announce Patech Engineering Company as the Authorized distributor for Brandt Tube & Pipe equipment in the country of Turkey.

Patech Engineering, a new company as of March 2012, is well experienced in the areas of Maintenance, Production, Quality Process, New Product Development, Lean, 6 Sigma, and Investment Management for the steel pipe industry. Main areas of business includes:

- OCTG, Drill Pipe, Line Pipe and Equipment Procurement
- Mechanical equipment design and manufacture
- Investment Projects Management
- New Product and Raw Material Development Project
- Process Improvement Projects
- Lean and 6 Sigma Training

Patech Engineering also distributes industry leading product lines such as Kusakabe, SACMA, and EmMeBi.

Brandt Engineered Products is a leading supplier of Finishing Floor Solutions for Steel Tube & Pipe manufacturers. Brandt has a full line of finishing floor equipment including Material Handling equipment, Hydrotesters, Scarf Blowout/Washout, Threading Tables, Coupling Screw On, Weigh Measure, Mark, Stencil, and Bundling equipment. In addition to this, Brandt has inhouse engineering capability to develop a custom solution for specific customers. For over 20 years, Brandt has provided customers around the world, throughout North America, Latin America, Europe, Middle East and Asia, with equipment, project management, engineering services, and customer support. Brandt has been active in Turkey since 2005 and is looking forward to expanding its relationships with its existing and new customers due to this new partnership with Patech Engineering. Patech Engineering will be supported by the Brandt International office in the UK.

The Brandt Group of Companies consists of five diverse businesses in Tube & Pipe, Agriculture, Mining, Rail, and Construction industries. Headquartered in Regina, Canada, Brandt employs over 1200 people and is a platinum member of Canada's 50 Best Managed Companies program. A growing, global company, Brandt has customers in over 20 countries worldwide.
